ESET Security Setup

ESET LiveGrid®

Help us provide you with ever-better security.

The ESET LiveGrid® feedback system uses more than 100 million sensors worldwide that allow us to collect statistics and information about suspicious objects, which we process automatically to create detection mechanisms using our cloud-based reputation system. We then immediately apply these to ensure that you have the maximum level of protection.

⦿ Enable ESET LiveGrid® feedback system (recommended)

◯ Disable ESET LiveGrid® feedback system

ESET Security Setup

Detection of potentially unwanted applications

ESET can detect potentially unwanted applications and ask for confirmation before they install.

Potentially unwanted applications might not pose security risk but they can affect computer's performance, speed and reliability, or cause changes in behavior. They usually require user's consent before installation.

Pick an option before you continue:

⦿ Enable detection of potentially unwanted applications

◯ Disable detection of potentially unwanted applications
